WETHERSFIELD HIGH SCHOOL AND HANMER SCHOOL RENOVATIONS

November, 2008 Referendum Proposed Building Project Highlights:

- Opportunity to construct an energy efficient Wethersfield High School and Hanmer Elementary School
- Opportunity for partial or full funding for this “green” referendum
- Opportunity for three levels of savings:
 - Funding for the building project
 - Lowering the operating costs of both buildings substantially over time
 - Opportunity to generate energy to sell back to our power company or to use in other town facilities to save additional money and generate revenue
- Scope of Wethersfield High School Project is planned to include the following:
 - Window replacements, electrical upgrades, partial roof replacement, boiler replacement, AC and controls, Science labs, Tech Ed. Media Center, Art, Guidance Suite, Auditorium Seating, Gym and Locker Room Improvements, New Gymnasium, Athletic Field Upgrades, Site Improvements including additional parking.
 - Office of Civil Rights Compliance issues for accessibility must be addressed, mandating much of this work
- Scope of Hanmer Elementary School Project is planned to include the following:
 - Windows, HVAC Infrastructure, Electrical Upgrades
 - Educational Program Enhancements including Media Center, Site Improvements including entranceways, parking and driveways
